7. **County Councillor's Report** No report.
8. **Public Open Forum** It was proposed by Mr.A. Dunnett seconded by Mrs. Bignell, to unanimous approval, that the formal meeting be suspended and members of the public invited to address the meeting. The following other issues were raised

Village Green Bus Stop Thanks were expressed for the recently re-painted Bus Stop.

Speed Limits Request for a 20mph Speed Limit through Grundisburgh. Mr Caryer, Chairman Roads & Transport Sub Committee, said his Committee would discuss this request at its next meeting. He said that local demand would have to be proved, probably by a referendum approx. cost £2,000, a speed survey £500, County Council Highways costs £10-£11,000 and their approval. The process would take at least one year.

Gull Lane/Pavilion A letter was received from Mr.I.Jay on the 10th May giving his apologies and requesting that the following items be dealt with in the Public Open Forum. His letter was circulated to Councillors prior to the Meeting.

- Playing field Pavilion £5,000 was allocated for five safety measures as existing provision fell well short of statutory requirements. He gave a list of directives needed to comply with current regulations and stated that *"unless work is expedited to fully correct this matter I will be seeking a closure order 28 days from this date 11 May 2026"*
- Gull Lane What progress has been made in his request for a reduced speed limit ?

It was noted that the Pavilion is the responsibility of the Playing Field management Committee, not the Parish Council. However, as Mr Laxton was present he was able to respond.

Mr. B Laxton, Chairman Playing Field Management Committee said the Committee takes fire safety very seriously. They were not contacted by Mr Jay before his letter, so this is their first chance to respond. Most of the FRA actions have already been completed, and the Parish Council's funding has been essential. The remaining items are mainly the push-open door hardware and a couple of signage points, and we're now seeking a second contractor. A full update is already on the agenda for the next PFMC meeting, after which Parish Council representatives can report back in detail.

Public Open Forum cont

Mr. Caryer reported that the Roads and Transport Subcommittee has not met since the last Parish Council meeting, due to lack of availability of members. However, we do have a meeting scheduled for later this month and will respond to Mr Jay following that meeting.

It was agreed that the Clerk should write to Mr. Jay informing him that his comments about the Playing Field Pavilion had been forwarded to the Playing Field Management Committee and that his request for a reduced speed limit in Gull Lane would be considered at the next meeting of the Roads & Transport Sub-Committee.

9. Community Emergency Planning - Flooding Mr. Dingman reported that good progress has been made in the development of a Community Emergency Plan (CEP) and a Community Flood Plan (CFP) for Grundisburgh & Culpho, following recent discussions on flooding, severe weather and wider community resilience, and informed by attendance at a county-sponsored emergency-planning session.

The County shared that increasing extreme weather events, flooding, utility failures and other local disruptions pose growing risks to vulnerable residents, transport access and essential services. A CEP would provide a structured framework for coordinated local response, communication and volunteer mobilisation, while strengthening links with Suffolk authorities and emergency services.

It would also enable the Parish Council to identify and formally designate community safe places, organise local resources and improve preparedness before an incident occurs.

Registration of the CEP with the County Council offers additional support, coordination and liability protection during declared emergencies.

A small working group of councillors plus 7 residents who suffered severe damage in Storm Babet will draft the specific flood related plans and consult potential safe-place venues, including the Village Hall, Playing Field Pavilion, the Church and potentially the school.

A draft CEP will be presented for review and approval at the Council meeting on 13 July 2026, before submission to Suffolk authorities. The draft will be circulated in advance and all Councillors are encouraged to provide comments or express interest in contributing to the process ahead of the July meeting.

Mr. Dingman said that the owners of Basts had carried out two waves of significant ground work which had considerably increased water flow through their property.

10. Annual Parish Meeting 22nd April, 2026 The Meeting was attended by Parish, District, & County Councillors and 45 residents. The Council is unusual in holding a separate Annual Meeting; most Councils amalgamate this meeting with a regular Council Meeting.

St. Marys Church, Grundforce and Grundisburgh Scouts gave impressive presentations and Mr. & Mrs Youngman provided a much appreciated buffet supper.

Mr Dingman reported that the notes of the meeting Footpaths & Conservation Subcommittee held on 5th May had been circulated to councillors.

Mr. Caryer reported that it was agreed to seek the Parish Councils approval to use CIL monies for a new Notice Board (est cost £869) to replace the existing notice board on the wall of the Olde Forge Stores / Post Office. A picture of the proposed Notice Board and estimated cost had been circulated to councillors prior to this meeting.

Mr.Caryer proposed, seconded by Mrs. Willetts, to unanimous approval, that £869 be allocated from CIL funds to purchase a new notice board.

It was questioned whether one Notice Board was sufficient for the village

19. To receive reports from Council representatives to village organisations

19.1. Report of Kesgrave, Rushmere St Andrew, Martlesham, Carlford and Fynn Valley Community Partnership Meeting 17 March.

It was reported that, in past year £26.8k had been distributed to communities to support 10 projects. 2 of these projects were in Grundisburgh (i.e. Improvements to pavilion and just 42 activities for school children)

Future funding (already agreed), includes:

- Establishing floral wildlife corridor to link Ipswich and Woodbridge with bee friendly areas every 100m. This includes planters, wildflower areas etc.
- Providing funding for transport from rural areas to local events (e.g. could be used for Village Show, concerts etc.)
- Funding musical events for adults with dementia to interact with school children. Organised by Britten Pears Foundation.

Next Meeting 19th May

19.3. SAVID Report of Meeting of 9th April.

SID data is being centrally collated to gain an overview of speeding issues in the community. Ongoing issues include HGV usage of minor roads. It was noted that Suffolk County Council have agreed a new 20mph speed limit policy to enhance road safety and improve quality of life across Suffolk's communities. It is not clear how the upcoming local government reorganisation will affect this policy.

19.1 Playing Field

The following is a request received prior to this meeting from Mr. John Dunnett.....

"Can we have as agenda item for May. The conversion of the Sports Pavilion, funded and physically built by parishioners into a commercial tearoom/cafe - information in EADT"

Mr. Harris, Parish Councils representative on the Playing Field Management Committee, explained that the Pavilion had been hired to "Pickled at the Pavilion" for Thursdays, Fridays and Sundays in May for brunch, lunch and after school treats. This, and other hirings of the Pavilion, will provide much needed income for the Management Committee to maintain and improve the Playing Field and provide a new amenity for users of the Field. He encouraged Councillors to visit.

Mr. Harris further noted that the May arrangements are a trial period for both parties. The Playing Field Management Committee is very conscious of local residents, neighbouring properties and existing local businesses who could potentially be affected, and the trial has therefore been structured cautiously, including restricting evening opening.

20. Public Open Forum

It was proposed by Mr. Caryer seconded by Mrs. Willetts, to unanimous approval, that the formal meeting be suspended and members of the public invited to address the meeting.

No issues were raised

21. Items for next meeting

- Community Flood Plan
